2K10 Golf Camps, Clinics, After-School, Parent/Child Programs

I have worked very hard over the snowy winter months to continue to develop the Best of Long Island's Junior Golf Program here at the Gold Coast Golf Center and the Town of Oyster Bay GC.

The **Full Day and Half Day Golf Camps** continue to be the favorite of our Junior Golf Program. The students receive PGA Professional Instruction focusing on the fundamentals needed to learn and grow there golf skills, a life skill, rules, respect, etiquette, and so much more, along with four days of on-course play and instruction. *Summer Camps are once again available in 3, 4 or 5 day packages.*

Those young golfers looking to take their game to the next level will now have the opportunity of our **Advanced Golf Camp**. If you are preparing for competitive golf, School Golf teams, or just looking to advance, this golf camp is for you.

Once again for those juniors (ages 8-10) at the end of the half day program and not quite ready to move into the full day program, we have our very popular **Transitional Program**. As parents your input is extremely important to the growth of the programs. I have received many emails and calls about the programs. I not only hear what you say, I listen to what you say.

The **Spring 2010 Brochure** has a complete schedule of events for all of our Junior Weekend Programs, Junior After-School Programs, Teens & Tweens Programs, Adult Programs, Golf Parties, Corporate Programs, and so much more!!

Back in 2010 by popular demand is our **Parent/Child Learn "n" Play Program**. This program was introduced in the Fall of 2009 and the demand was incredible. Coach Hugh will once again be instructing this very special and unique program, bringing his international flair, experience, and knowledge of golf to all of you.
